Parallax - Films & Animations

@pllx.films

INTRODUCTION

I'm a Virtual & Augmented Reality postgrad with Computer Science & Engineering (undergrad) background and application design / development skills that focus on a better user experience along with efficient problem solving skills. Furthermore, I have a strong inclination towards visual arts & storytelling.

MoCap Demo

EDUCATION

Postgraduate

MSc Virtual & Augmented Reality Goldsmiths, University of London (2021 - Present)

Undergraduate

Bachelor of Technology (B.Tech) Computer Science & Engineering (2017 - 2021)KIIT University, Bhubaneshwar CGPA: 8.64/10

SKILLS

Unreal Engine

Blueprints, Materials & Terrain building, Development & Deployment for PC.

Unity3D

C#, Unity XR Toolkit, Development & Deployment for PC, Android, Apple/ iOS, Web.

Motion Capture (OptiTrack)

Full body motion capture, data cleanup, assignment, rig retargeting

C/C++

5+ years experience (v 11/14), STLs, GraphViz, and Now learning UE5 C++

Data Structures & Algorithms

Searching/Sorting, Trees, Procedural Generation, Graph Algorithms, Arrays/ String manipulation, Bit manipulation

VR Headsets

Oculus Rift 2, Quest 1/2, HTC Vive, Vive Pro

Blender

3D Modeling & Animation

PROJECTS

https://youtu.be/_hRB7bginO0

PARKOUR MOVEMENT SYSTEM • Unreal Engine (Character Controller - Blueprints)

https://github.com/YesItsSKM/Parkour

Full-body first-person parkour movement system that can be used as the core movement system for future games.

BLACKHOLE DEMO • Unreal Engine (Blueprints)

https://github.com/YesItsSKM/Blackhole-Demo-UE4 Simple physics-based blackhole that attracts objects.

ARACHNOPHOBIA THERAPY • VR (Unity 3D)

https://github.com/YesItsSKM/Arachnophobia-Therapy-VR/

A project that takes a friendlier, and a more easy-going progressive approach to treating Arachnophobia (the fear of spiders).

KITCHEN CUSTOMIZATION · VR (Unity 3D)

https://github.com/YesItsSKM/VR-Kitchen

Immerse yourself in a virtual kitchen and customise the wood, ceramic, and knob handles' material.

ALIEN HITTING GAME • VR (Unity 3D)

https://github.com/YesItsSKM/VR-Alien-Game

VR Group project - A fun and easy game where you throw balls at aliens to destroy them. (in VR)

A DAY OUT WITH SHERLOCK • AR (Unity 3D)

https://github.com/YesItsSKM/AR-Project-Sherlock

AR group project - Find hidden objects in the AR crime scene.

PROCEDURAL CITY GENERATOR • (Unity 3D)

https://github.com/YesItsSKM/Procedural-City-Gen

Procedural city generation using L-System.

MAZE · Unity 3D First-Person Game

https://yesitsskm.itch.io/project-maze

Experience the thrill and frustration of being in a maze and solving it with the help of some tools and your maze solving skills.

PROCEDURAL TREE GENERATOR • Unity 3D

https://yesitsskm.itch.io/l-system

A simple but effective software implementing L-Systems using a handy GUI.
